

The musical movie at the Saenger, "The Stars Are Singing," is a good one, but the standout scene for Hope fans was rain beating down on a window-pane.

It was the kind of music we would like to hear more of.

I am reminded that Managing Editor Paul H. Jones wise-cracked yesterday that the wife gave us two weather stories, one saying we might have rain, the other saying we wouldn't — and he figured we might just as well use the one saying we would.

It didn't rain. But you can't criticize a guy for trying.

Willis Hamiter, native of Patmos but a resident of Bradenton, Fla., for many years, was in Hope Wednesday for a visit with his brother-in-law, C. B. Russell, W. 3d St. Mr. Hamiter came here on a side-trip from Hot Springs where he has been vacationing.

Six members of the Hamiter family are now domiciled in Florida. Willis is office manager of the Bradenton Motor company, Ford dealer. Four of the family are in Tampa. Wesley owns the Hamiter Distributing company there and is currently a candidate for political office in the city. Also in Tampa are Charley and two sisters, Mrs. Edna Meadows and Mrs. Callie Kaiser. The sixth member, George, lives in Jacksonville.

Wesley will be remembered by Star readers of 20 years ago as the enterprising chap who flew a light plane from Florida to Patmos, making an emergency landing in a cornfield just south of his home community when headwinds used up his fuel supply. Wesley patched up the holes torn in his plane's wings and flew her out. His brother Willis says Wesley isn't flying nowadays. He got married and his wife made him quit. Says Willis.

The reason I know about the plane business is that I wrote it up 20 years ago.

While in town Wednesday Willis reminded me that I was in Florida last September and didn't look him up. I did try, but missed connections. Willis said the reason he knew I was there was because the Bradenton Herald reported that among visitors catching fish on a charter boat out of that port were Mr. and Mrs. B. R. Hamm, yours truly, and Frank Gibson, my brother-in-law.

So I caught some fish and it was reported in the paper and newspaper editors are no different from newspaper readers — because I never got a clipping either.

## Station Lists Visiting Day Program

The 25th annual family study day at the University of Arkansas Experiment Station will be held Friday starting at 9:30 a.m. Visiting day for Negro farm folks will be held Saturday. The program:

9:30 a.m. Tour of the station. Travel will be in personal cars or busses. Groups will be formed in front of the shop and sent out at intervals.

Stop 1. On Varieties and Castor Bean Production — R. L. Thurman, Department of Agronomy, University of Arkansas.

Stop 2. Sweet potato irrigation, Production, and Varieties — Dr. John L. Bowers, Horticulture Department, University of Arkansas.

Stop 3. Forest fire fighting technique — State Forestry and Parks Commission; Horticulture and Forestry Dept., Univ. of Ark. and Agricultural Extension Service.

Stop 4. Watermelon and Cucumber Breeding, and Tomato Varieties — Dr. V. M. Watts, Horticulture Dept., Univ. of Ark. Noon, Lunch. Sandwiches may be purchased from Hempstead County Home Demonstration Council.

11-1 Demonstrations on the Campus. These will start when the first group returns from field tour.

1. Dental Care, Safety in the home, and medicine Cabinets — Helen M. Robinson, Extension Health Education Specialist.

2. Remodeled Kitchen — Crystal C. Tenberg, Extension home management specialist.

3. Special Demonstration — Arkansas Power and Light Company.

## Red Terrorism Reports Reach West Germany

### Riot-Shaken Soviet Regime Executes Three

By KENNETH BRODNEY  
BERLIN (UP) — New Communist atrocity reports reached Berlin today as the riot-shaken regime of Premier Otto Grotewohl labored to retain its control over uneasy East Germany.

The reports said Russian firing squads executed three more workers at Dresden, where Communist German police had arrested at least 400 men.

In addition to the Dresden roundup, it was learned that special Red squads had seized 115 workers at Freital and 78 in Tharandt, both in Saxony.

News of the new executions lifted the toll admitted by the Communists to seven, but unofficially it was estimated more than 30 persons had died for resisting Soviet oppression.

East Germany's shaky Communist government Thursday scheduled another workers' rally in East Berlin, apparently hoping for a careful organization and Soviet steel would prevent this one from developing into another open rebellion.

Party bosses called on workers of the city's three big eastern boroughs — Mitte, Friedrichshain and Kopenick — to show their support at a mass demonstration tomorrow for the regime's announced plans to make things better for the working class.

## 113 Degrees Recorded in Drought Area

DALLAS, Tex., (UP) A federal soil expert called the Texas-Oklahoma-Arkansas-Louisiana drought the "longest and the most severe and widespread in history" today after the temperature soared to 113 degrees in Texas.

Houston, Texas' largest city, joined other communities and imposed stiff water restrictions in an effort to conserve a dwindling municipal supply.

At El Paso, a group of angry women stormed into a real estate developer's office carrying buckets and demanded the pails be filled with water. They complained their homes had been without water for more than 18 hours.

At Austin, the U.S. Department of Agriculture reported in its weekly crop and weather bulletin that cotton, sorghum and corn were wilting throughout Texas and that high temperatures and lack of rain combined to present a gloomy crop and livestock picture for practically all the state.

## Children's Day at Holly Grove

There will be a Children's Day program at Holly Grove Methodist Church 10 miles north of Hope on Highway 29, Sunday, June 28 starting at 10:45 a.m. Dinner will be served on the ground. Everyone is invited.

## Believes That Most Highway Accidents Today Can Be Traced to Plain Lack of Courtesy

By RELMAN MORIN  
FOR Hal Boyle.

NEW YORK (UP) — If the facts and figures could ever be compiled, I believe it would be found that most traffic accidents are not the result of speed, lack of judgment, drinking, or driving with one arm around a doll.

Each of these undoubtedly contributes to the grand total.

But, in my book, the top cause for tragedy on the highway is plain lack of courtesy.

Something queer seems to happen to many people when they get behind the wheel of an automobile. The same man who will politely hold the door for a lady, or struggle to her his hat off in a crowded elevator, takes a strictly the-bell-with-you-Jack attitude once he starts down the road in a jalopy. Anybody know why?

For one thing, I suppose, there is a sense of power. To be able

## Demonstration of Brush Clearing Is Postponed

The brush clearing demonstration planned for Friday, June 26, will be postponed until Monday, June 29, at 1 p.m., due to a conflict with another program.

Monday, June 29, at 1 p.m. the Board of Supervisors of Hempstead County Soil Conservation District will sponsor a brush clearing demonstration with D2 Bulldozer and Clearing Blade at the George Peck farm on Hope-Nashville road near Hope.

Those interested that do not know the location should meet at the court house at 12:45 p.m.

## Ike to Crack Knuckles in the Tom Lyon Case

By MARVIN L. ARROWSMITH  
WASHINGTON (UP) — President Eisenhower reportedly is in a knuckle-rapping mood because of failure of the administration's job-screening program to turn up the data which Congress later uncovered in the Tom Lyon case.

And here were indications the President may be somewhat embarrassed personally by his nomination of Lyon to be director of the Bureau of Mines. The White House said it will be withdrawn the first time Eisenhower has done that.

Secretary of the Interior McKay yesterday asked Eisenhower to withdraw Lyon's name after the appointment requested such action. McKay did so in the wake of Lyon's testimony before a Senate committee that he is: (1) drawing a \$5,000-a-year pension as a retired official of the Anaconda Copper Mining Company, and (2) is opposed to the federal mine safety law he would administer as Mines Bureau chief.

It developed that Interior Department officials had been unaware of either the pension or Lyon's views regarding the law.

Those disclosures reduced his chances of confirmation to near zero.

Government officials who asked not to be named said Eisenhower is having the entire episode investigated and that a sharp rebuke quite likely will be dealt out to those who failed to give him a full report on Lyon's background.

There was no certainty where the blame would fall. Some White House officials were said to feel McKay would have to take the rap.

At the Interior Department, on the other hand, Assistant Secretary Felix E. Worners said Lyon's nomination was sponsored by Republican Sen. Watkins of Utah, from whose state Lyon comes.

Watkins said it was inconceivable to him that the Truman administration appointed Lyon to a job directly connected with meal mining without first investigating the kind of pension he is getting.

Lyon is acting deputy administrator of the Defense Materials Procurement Agency. Since January, 1951, he has held important jobs either in DMPA or in the Defense Minerals Administration.

## Bids Opened on Seven Big Road Jobs

LITTLE ROCK (UP) — The Arkansas Highway Commission today opened bids for seven road and bridge construction projects in six counties.

The total of apparent low bids was \$502,937, exclusive of 10 per cent which must be added for engineering costs.

Projects by counties and apparent low bidders are:

Jefferson — Two bridges across Harding Drain on Highway 65 in Pine Bluff; W. C. Burrow Co., Malvern, \$42,817.

Sharp — 5.3 miles of asphaltic concrete hot mix surface course and crushed stone shoulders on the Hardy-Willford Road, Highway 63; Interstate Construction Co., Pine Bluff, \$63,243.

Benton — 10.7 miles of crushed stone base and bituminous surface and bridge on the Vaughan-Gentry Road, Highway 12; McClintock Bros. Construction Co., Fayetteville, \$139,877.

Lawrence — 7.4 miles of asphaltic concrete hot mix surface course and crushed stone shoulders on the Imboden-Black Rock Road, Highway 63; D. F. Jones Construction Co., Little Rock, \$83,976.

Clay — 15 miles of gravel base and dense graded asphaltic hot mix surface course on the Corning Junction-Pollard Road, Highway 62; Reynolds and Williams, Little Rock, \$235,929.

Crittenden — 2.2 miles of grading, minor drainage structures and gravel base course on the Mound City-Marion Road, a county road; D. F. Jones Construction Co., \$15,590.

Crittenden — 1.5 miles of grading, minor drainage structures and gravel base course on the Browns-Edmondson Road, a county road; D. F. Jones Construction Co., \$11,505.

All the jobs are federal aid projects.

## Red Radio Still Visions Truce

TOKYO (UP) — Peiping radio said today a Korean armistice "is likely to be signed" if the United Nations "gives a satisfactory answer" to Red demands for recapture of 27,000 anti-Communist North Korean war prisoners.

"If the American side gives a satisfactory answer to the demands," and takes measures guaranteeing the carrying out of the armistice," the Red broadcast said. "The agreement which everyone is longing for is likely to be signed."

The broadcast, coming on the third anniversary of the war, warned Red listeners that Communists "must maintain great vigilance and watch the development of the situation with the utmost seriousness."

## Sees Relief From Printing Costs

LITTLE ROCK, (UP) — The president of the University of Arkansas said yesterday that the school had "expected some relief from the excessive costs which state printing contracts have entailed in the past," under the new Fiscal Code.

Dr. John T. Caldwell made the statement in a letter to Atty. Gen. T. J. Gentry. Caldwell asked for a copy of Gentry's opinion that the Code's provisions authorizing the state finance director to let printing contracts is unconstitutional.

## Chinese Throw 9,000 Men Into Heavy Attack

SEOUL, (UP) — The Chinese Communists threw 9,000 men tonight into bloody attacks along the front on the third anniversary of the Korean War.

The attacks, breaking a day-long lull hit on the Western Front along the road to Seoul, and on the East-Central Front.

Two regiments, possibly 6,000 men, struck four South Korean positions west of Yoncheon, which is some 40 miles north of Seoul.

Another 3,000 Chinese struck on the East Central Front where a Red drive last week pushed a huge two miles deep in the Allied lines.

The Chinese poured in through the darkness and struck the Little North-Kelly Hill sector.

This broke a three-week lull on that vital sector of the Western Front. Not since last month when the Chinese won several positions near the truce town of Panmunjom had the Communists hit the West.

## Somebody's Security Slip Is Showing

By ELTON C. FAY

WASHINGTON (UP) — Somebody's security slip was showing today with publication of recent testimony about military secrets by Army officials before a House appropriations subcommittee.

Military secrets which popped into the open included information about:

1. An entirely new weapons-carrying vehicle nicknamed "The Thing," but carrying the official designation "atom" to be used variously, including as a mount for a new "very high-powered" recoilless rifle and for a quadriga 50-caliber anti-aircraft weapon against low-flying planes.

2. A plan to provide "much longer range" for the 280-millimeter cannon, which now has a 20-mile accurate range and fires either atomic or conventional shells, and a new shell, slightly smaller than the caliber of this giant cannon, expected to extend its range "by about 50 per cent."

3. "Extra light tanks," two of which are under test, of a type expected eventually to replace the 28-ton Walker Bulldog tank.

4. A lightweight radar for battlefront use, apparently to help detect enemy attempts at infiltration of the front line, a technique much used by the Communists in the Korean War.

5. A long-range radar IFF (identification friend or foe) which could mean the identification of aircraft long before they are within range of anti-aircraft guns or guided missiles.

6. A folding, portable bridge, to be carried on top of a tank as a shelter for the crew while being put in place under enemy fire.

7. A steam outboard motor for small boats, to be used for quiet crossing of rivers when the noise of gasoline outboard motors would warn the enemy.

## Moses Funeral to Be Held Today

Funeral services for Starling Sampson Moses, 93-year-old Hope pioneer who died Wednesday, will be held at 4 p.m. Thursday at Herndon-Cornelius Funeral Home Chapel. Burial will be in Rose Hill Cemetery.

It will be possible for the new Republican administration to put its own appointees into places taken out from under civil service.

Of the jobs to be surveyed, 66,000 are in the United States and 68,000 are overseas.

Chairman Philip Young of the Civil Service Commission said earlier this week it was impossible to say at this time just how many of the 134,000 jobs would be affected by the Eisenhower order, but he left no doubt the total would be several thousands.

Young estimated, for example, that possibly 1,600 of a total of 8,000 government attorneys in the overall group being surveyed might be let out.

The forthcoming survey will cover jobs in what is known as the civil service system's Schedule "A." In that category are specialists jobs of various kinds.

ARKANSAN DROWNS  
SAN DIEGO, Calif. (UP) — Seaman John David Graves, 20, of Jonesboro, Ark., lost his life when he and several mates from the U.S. destroyer escort Currier were caught by a ripe tide at an ocean beach near here last night.

Graves' body was found in the surf after three other sailors in the ship's beach recreation party were rescued.

## Stubborn Rhee Backs Down on Key Demand

### Barbara Griffin Is 4-H Dress Revue Winner

Barbara Ann Griffin, daughter of Mr. and Mrs. Herbert Griffin, 824 South Walnut, Hope, was selected as winner in the County 4-H Club Dress Revue in the best dress division and will represent Hempstead county in the State 4-H Club Dress Revue at the State 4-H Club Camp in Fayetteville, July 20-24, according to Lorraine Blackwood, Home Demonstration Agent.

Other winners in the county dress revue were: Harlie Allen, Route 3, Hope, school dress division; Persell Hartfield, 1008 West Avenue 3, Hope, play clothes division; and Elizabeth Lauterbach, 1002 East 2nd Street, Hope, work clothes division, and will represent Hempstead county in their respective divisions at State 4-H Club Camp in July.

Wanzell Powell of Guernsey was second place winner in the best dress division.

## Final Try on Profits Tax Prepared

WASHINGTON (UP) — House Speaker Martin R. Masi said today he had "no doubt" the House Rules Committee would bring to the House floor a bill extending the excess profits tax.

Martin said he expects the committee to meet today or tomorrow and the floor battle to break over the explosive issue on Monday or Tuesday.

The maneuver is a last-chance effort by the Eisenhower administration to break a blockade against the tax bill in the House Ways and Means Committee.

It would completely bypass the ways and means group, which traditionally must start all tax bills in Congress.

Martin made his comment after separate interviews with rules committee members showed some opposition among both Republicans and Democrats to the rate, drastic procedure.

The move seemed certain to stir a fight over the procedure rivaling in tension and bitterness the scrap over the tax itself.

Ways and Means Chairman Dan I. Reed (R-NY) and his supporters so far had emerged triumphant in a running fight with the administration. They had stopped cold a series of administration moves to get committee action on the tax proposal.

Mrs. Hattie L. Weltman, aged 74, died Wednesday night at her home in Springfield, Illinois. Mrs. Weltman was a former Hope resident and operated a millinery store on South Main for many years.

She is survived by a nephew, H. S. Haworth of Springfield. Funeral services will be held at Springfield Friday with Bish Funeral Home in charge.

Arkansas State Highway Director Herbert Eldridge will probably tell local citizens what's wrong with the state highways when he addresses a C of C, Kiwanis, Lions and Rotary meet here next Tuesday.

... as if Arkansas didn't know which brings up a highway check now being made to see how many out-of-state cars travel over 29 north — ... certainly nobody in their right minds would ever travel over that section of the Highway unless they are going to two places, Blevins or McCaskill ... but aside from that we hope the Highway Department forgets about the out-of-state traffic and shows a little feeling for local folks ... there is plenty of traffic over 29 north but practically all is folks who live along the way and have to travel over it ... believe me that's the only reason anyone would take the so-called highway.

Next week wrestling will be revived in Hope and if successful will continue as long as supported by local fans ... many people laugh when they hear about a match between they are all fixed and are Anderson.

The Experiment Station holds its annual visiting day Friday and Saturday and the first one held back on Friday, June 20, 1928 was much the same as the ones today.

The first one attracted some 1,500 visitors and following various demonstrations, talks were made by George W. Ware, asst. director; Mary Buchlay and Lynn Smith, county agents; Rev. W. A. Bowen, Dr. J. C. Futrell, U of A president; Roy Reid, E. B. Matthews, C. Woolsey and J. R. Cooper of the University Staff; and Hope citizens, Homer Pigg, Judge John L. Wilson, Senator U. S. Gentry, W. S. Atkins, Carter Johnson and Roy Anderson.

## Concession Is Made to Ike's Special Envoy

By EARNEST HOBRECHT

SEOUL, Korea (UP) — South Korean's stubborn President Syngman Rhee backed down today from his early demand for withdrawal of all Red Chinese troops from Korea before he would agree to a truce.

He made the important concession as President Eisenhower's personal representative arrived in Korea with a warning that a split between the United States and South Korea on the proposed truce would hand victory in the three years war to the Communists.

Walter Robertson, assistant secretary of state, carried with him from Washington a final "save-the-truce" offer from United States Secretary of State John Foster Dulles.

"Division now," he warned, "would result only in a victory for the enemy and needless sacrifice." (Continued on Page Four)

## Relief Hits Wide Area But Not Southwest

By United Press

A blanket of cool Pacific air pushed inland today, kicking up violent, scattered windstorms and bringing a promise of cool, rainy weather for the Midwest.

But the cold air had no chance of reaching the Southwest, suffering a heat wave and drought described as the "longest and the most severe and widespread in history."

The cool air mass already was fanning the northern plains and was expected to bring pleasant weather in the low 80s to Chicago by Friday. The Windy City sweltered in 97.1-degree heat yesterday — a new record for June 24.

A high of 98 was forecast for the Chicago area today before the cool-off began tonight.

The cool air mass will continue eastward to the Atlantic Coast by the weekend, but weathermen said it would be "pretty warm" by the time it reached the New York area.

A barn-busting windstorm, with gusts up to 100 miles per hour, ripped through the center of Kandiyohi county, Minnesota, late last night, damaging farm property, homes and telephone lines. There were no reports of injuries.

Benson Goes to Texas to Deal Out Help

DALLAS, (UP) — Agriculture Secretary Ezra Taft Benson heads to Texas tomorrow — into a blizzard for help by farmers and ranchmen suffering the most punishing drought in Southwest history.

Benson will attend the American Cotton Congress in Lubbock. He has said he wants a first-hand look at drought conditions. Farmers and livestock men whose losses have piled up into millions promise he'll get it.

County drought committees are to meet with Benson Saturday. He is to arrive in Lubbock tomorrow night.

The Southwest's toll on cotton today called the drought in Texas, Oklahoma, Arkansas and Kansas "the longest and most severe and widespread in history."

Merrill said the drought is eating the grain dry. He said that in 1909, 1917-18, and 1924-25, crops are so parched, drought is spreading through the barren, rangelands. Cattle are starving.

### Democrat Reporter Wins \$1,500 Award

**LITTLE ROCK, Ark.** — Ken Kaufman, 26-year-old staff reporter for the Arkansas Democrat, won a \$1,500 award here last night for an essay on highways.

Kaufman won first prize for Arkansas in a General Motors, Corp., Better Highways contest.

Other Arkansas winners were David E. Proctor of Cotton Plant and James Hamilton of Wynne. Both men received \$500 honorable mentions.

Kaufman, a graduate of Westminster College, Fulton, Mo., is the son of Mr. and Mrs. E. F. Kaufman of St. Louis, Mo. He is a capital reporter for the Democrat.

### News Briefs

**WALDO, Ark.** — Residents of this town of 1,500 today voted in a special election to approve issuance of \$12,000 worth of bonds for purchase of new fire-fighting equipment.

The vote was 66 to 11.

**LITTLE ROCK, Ark.** — Trans-Texas Airways, which opens flight service on June 28 to eight Arkansas towns, today listed assets at \$1,249,762 and liabilities at \$389,506.

The air firm filed articles of incorporation with the secretary of state in order to operate in Arkansas.

**MAGNOLIA, Ark.** — A 22-year-old youth working under a jacked-up car was crushed to death yesterday when the auto slipped off the jack.

He was identified as Calvin Miller of Magnolia. Authorities said he was repairing the car.

**LITTLE ROCK, Ark.** — Employees who sell intoxicants in retail liquor stores and beer taverns will have to furnish a birth certificate to prove they are over 21 years old. Alcoholic Beverage Control Director Eli Collins said this regulation goes into effect immediately.

Collins said underage youths have been found working in liquor and beer outlets.

### Paragould Press, Radio Separates

**PARAGOULD, Ark.** — The 67-year-old Paragould Daily Press-Solid phone was reorganized into two different organizations here Tuesday, with the radio station breaking away from the newspaper.

Radio Station KDHS now becomes the Progressive Broadcasting Co., and has filed amended articles of incorporation listing authorized capital stock of \$100,000. Ted Rand, former manager of the Daily Press, Inc., and T. M. Self are partners in the company.

The new manager of the Daily Press and executive vice president is Wallace White. Other Daily Press officers include Maurice Cathey, president; Russell Ford, secretary, and C. L. White, treasurer.

It is only late in the history of Egypt that the keeping of chickens is recorded.

### University Loan Okayed

**FAYETTEVILLE, Ark.** — The University of Arkansas was notified today that the Housing and Home Finance Agency in Washington has authorized a loan of \$352,000 for construction of two new dormitories for men on the University campus here.

A University spokesman said general plans for the dormitories have been drawn and that they will house about 220 male students. The loan will be amortized by rental income from the dormitories.

### Gas Price Increase to Be Probed

By PAUL SOUTHWICK

**WASHINGTON, D.C.** — The House Commerce Committee, in response to "wacky protests," has scheduled an investigation of the recent widespread increases in gas and oil prices.

Committee members said they particularly want to find out whether oil producers rigged output to justify recent gas hikes ranging up to two cents a gallon. Other products, including fuel oil, also went up.

Chairman Charles A. Wollverton (R-N.J.) said he has received numerous protests from gas and oil dealers. He ordered hearings to start July 1.

Gas increases in the last two weeks threatened to boost the fuel bill of motorists across the country by more than \$475,000,000 a year.

Wholesale prices jumped in Ohio, Louisiana, Pennsylvania, 10 Midwestern states, and all along the Eastern seaboard — from Maine to Florida.

The Government Services Agency, of which DMPA is a part, said that the agency does not require full-time employment to reveal the source of the outside income. Lyon said the pension is part of his official

government file and that he has never concealed any outside income.

He told close friends he plans to leave his present government job the end of June. He was described as "shortly expected."

Eisenhower's cash remarks at a news conference last March 20 pointed up a possible source of embarrassment for him on the Lyon matter.

Asked then how the administration went about checking on prospective appointees, Eisenhower replied that in the case of all important posts, he calls in the candidate, asks him about his philosophy, tries to find out whether he is biased or in favor of some doctrinal idea and whether he would properly administer the laws.

There was no indication whether Eisenhower regarded the Bureau of Mines job as important enough for a personal interview. One key to a personal interview was asked not to be identified and, however, that to the best of his knowledge, the President did not talk to Lyon before the nomination went to the Senate.

Sen. Watkins said he realized a mistake had been made on the Lyon nomination.

"That certainly is not a rebuttal for President Eisenhower," Watkins said. "Even Lyon agreed his nomination should be withdrawn."

Sen. Mundt (R-S.D.) said former President Truman "used to try to pull it through" on such nominations. He added that the Lyon case "should improve the President's relations with Congress, not hurt them."

By MILO FAIRBET  
SEATTLE, 25 (AP)—Patrols skirmished briefly along the muddy Korean battlefield and Communist forces blazed new positions of an imminent force today as the war entered its fourth year.

The commander of the East Army Forces, Gen. O. P. Westland, said Allied warplanes have destroyed the "communist potential" of the Communist in North Korea.

Westland, who was referred to the destruction of Communist war planes in North Korea, Red Army in Korea still are supplied from Manchuria and Russia.

In a statement issued from his Tokyo headquarters, Westland said 970 Communist planes including 770 swift MIG jets have been shot down in aerial battles since June 25, 1950. The Allies have lost 477 planes, 400 to Red warplanes and 77 to ground fire and 204 to unknown causes, usually engine trouble.

The Air Force also claimed it planes have destroyed in three years 20,211 Communist trucks, 10,212 railroad cars, 1,045 bridges and 1,291 tanks.

Allied forces were feared for a major Red attack Thursday, the war's third anniversary, but Communist troops stayed in their unimproved bunkers.

Red hand-picked which in recent days have blazed repeatedly that the fighting would end today.

"High officials on both sides have already on a truce date. Be careful and don't get hurt."

Induction is expected to meet with three times in a final bid to secure the South Korean Peace deal. Aided an armistice that would end the war which entered its fourth year today.

These surrender on the issue of removal of all Chinese. Red troops from Korea raised hopes that Eisenhower's mission will succeed.

These told a crowd of 300,000 persons gathered in capital square on the third anniversary of the Korean war that he had given the United Nations two blueprints for an armistice, and they could face their choice.

Originally, he said he insisted on withdrawal of all foreign forces from Korea, including some 100,000 Chinese, as once proposed by the Communists and rejected by the United Nations.

These said he still opposed the presence of the Chinese on Korean soil after the armistice is reached but believed this issue could be settled by negotiation.

His original proposal also called for a mutual security pact with the United States following an armistice and a three-month time limit on a political conference's attempt to unify Korea.

## Slayer of Seven to Die

By ROBERT BRANSON

LONDON (UPI)—John R. Christie, the "Strangler of Notting Hill" who confessed at least seven sex murders, was sentenced to death today for killing his wife.

Execution will be by hanging. A jury of nine men and three women rejected the defense plea that Christie was insane, and found him guilty of murdering his wife last Dec. 14 in the Notting Hill house where he gassed and strangled six other women.

It took the members one hour and 22 minutes to reach their verdict. The jurors were under instructions from the presiding judge to base their verdict solely on Christie's admitted killing of his wife last Dec. 14. The other murders he confessed were introduced to bolster the defense contention that the built former trucking clerk was insane.

Judge Sir Donald Finemore, 61-year-old bachelor and of Britania's National Sunday School Union, told the jury in his final instructions the insanity plea must be "considered carefully."

## for Escaped Inmates

LITTLE ROCK, 25 (AP)—Police authorities today searched this area for five inmates of the State Hospital who bolted from the mental institution's criminal ward yesterday.

No trace of the men was reported. The five escaped by overpowering three guards. Two of the men were identified as Joe Carter, 50, and Vender Hughes, 34, both Tucker Prison Farm convicts in the hospital for medical treatment.

The three others are charged with crimes but were in the hospital for observation before trial. The men and charges are: Jimmie Byrd, 46, burglary; Albert E. McCoslin, 30, grand larceny and John Wynne, 41, forgery.

Or, he will pass you, then drop to his normal cruising speed, which is usually somewhat slower than yours. Better let him stay in front; he will only race you to the next curve otherwise.

The Eyes-Front-Only Bird — He has a rear view mirror above the windshield, one on each door and two more on the fenders. But they are solely for decoration. He never uses them. Thus, on a crowded parkway, rolling at 50-plus, he will start out of his lane without a second thought. Sometimes he never lives to have another, either — but neither does the driver beside him.

The Corner-Cutter — Center lines on the highway mean nothing to him. Taking a curve, he is too lazy to keep from drifting across into the lane of traffic going the other way. May he rest in peace under that quiet headstone.

The Straddler — Usually, this is a dear old lady who can't quite make up her mind. Sometimes, she isn't so old either. For one reason or another, women drivers tend to resent highway lanes. They will get the white line running squarely under the middle of the car, and hold that course, grimly. No amount of horn blowing moves them over, and it is worthy your life to try to pass on the right. Nothing can be done about it.

The Time-Is-Money Driver — He is waiting to come on the parkway. There isn't another car behind you for three miles, but does he wait? He does not. He glares over his shoulder, guns the motor, grinds his teeth and roars out in front of you. From his point of view, it's strictly your problem at that point.

Space does not permit listing all the menaces.

Some people, of course, are just naturally bad drivers, with poor coordination, slow reflexes, or faulty eyesight. A true driving test — and few cities have them — would bring out these handicaps.

But the tests today do not show whether a man or woman will exercise common courtesy on the road. Or whether he is likely to air the grudges and complexes he acquired elsewhere by acting like an out in traffic.

**So the People May Know . . .**  
An automobile liability policy is important to every car owner. Be safe, insure . . . but get the most for your money!

Quotations on bodily injury and property damage with limits of \$5000.00/\$10,000.00/\$5000.00 are per year:

Class I — No operators of automobile under 25, car used mostly for pleasure and not principally in occupation, profession or business . . . \$28.00

Class II — Automobile owners who also have operators under 25 years of age . . . \$46.00

Class III — Car owners using their automobiles principally in the duties of their occupation, profession or business, but having no driver's under 25 . . . \$39.50

Farmer's rates are still lower.

## Nobody Hurt in Explosive Wreck

BIG ROCK, Ill. (AP) - A tractor-  
trailer loaded with tons of mil-  
itary high explosives and torpedo  
wheats and a cargo truck of  
merchandise collided yesterday.  
No one was hurt.

But Albert H. Beck, justice of  
the peace, said: "It's just a mir-  
acle this whole town population 300  
wasn't blown to kingdom come.  
We still don't know how we es-  
caped an explosion that would  
have wiped us right off the map."

A side of each truck was torn  
off in the impact. Explosives and  
gasoline from a pierced tank  
spilled onto busy U.S. Highway 30,  
which runs down the main street  
of this Northern Illinois town about  
40 miles southwest of Chicago.

Both drivers, hunched from their  
cabs and dashed into a field - a  
safe distance from the fire and  
explosion they expected. A state  
policeman said both drivers cut  
the ignition of their trucks im-  
mediately. The gasoline did not  
burn.

## BODY FOUND

PARIS, Ark. (AP) - A 2-day search  
for the body of a Camp Chaffee  
soldier who drowned in Cove Lake  
near here Monday, ended yester-  
day with the discovery of the body  
in some 25 feet of water.

The soldier, tentatively identified  
as Roger Schumacher of Michigan,  
was one of a group of 25 GI's  
visiting the lake.

## Hope Comes From Behind to Best Nashville

It seemed to local fans the Legion  
nights tried to be best to help Nash-  
ville beat Hope last night but when  
the underdog played it was 12 to 11  
in favor of the locals. And they  
had won from the Col. holders  
who were actually fond of misjudg-  
ing and dropping apparently easy  
flies.

The victory gave Hope 12 in a  
row. Every fighting member with  
two on in the second accounting  
for three of five runs made that  
inning on six hits. In the next in-  
ning Jack Bell came in on Bob  
White's single, making it 6-0.

Nashville bunched four hits,  
and two walks for five runs in the fifth  
and went ahead the next inning  
scoring four runs on three walks  
and a pair of timely hits, leading  
9 to 6.

Hope got back in the ball game in  
the seventh when Jack Bell scored  
one ahead on a homer and they  
led it in the eighth scoring four  
runs on four hits. Nashville's final  
inning rally was just one shot.

Donal Ross, who relieved Bob  
Ross in the fifth, was the winner,  
giving up five runs on six hits and  
four walks. Bob Ross gave up six  
runs on six hits, walked 11 and  
struck out five. Bill Ashcraft was  
charged with the loss, allowing six  
runs on eight hits.

Tonight the Legionnaires travel  
to Red River where they will meet  
the Pirates.

## Sox Make It Pair Over the Yankees

By BEN PHEGAR

Associated Press Sports Writer

After watching the New York  
Yankees blow two in a row to the  
hustling Chicago White Sox about  
11:15, the only conclusion you can come  
to is that somehow the players put  
on the wrong uniforms.

Certainly the outfit that wore the  
big "NY" on their suits the past  
two days leaves no resemblance  
to a world championship club. And  
the White Sox look every inch per-  
manent contenders instead of third-  
place plodders.

The Sox not only have gained a  
6-4 season's edge over the vaunted  
Yankees. They've succeeded in  
making the New Yorkers beat  
themselves. In Tuesday night's 11-3  
rout the Yanks committed four er-  
rors, three of them in a single in-  
ning. Both were high marks for  
the year.

Yesterday it was faulty pitch-  
ing. Starter Jim McDonald found  
the plate only once in 13 pitches  
and was sent to the showers in the  
first inning with the bases loaded  
and nobody out.

Chicago cashed all three of those  
runners plus two more in the in-  
ning, and coasted to an 8-4 victory.

So the Sox have proved that  
even the mighty Yankees are only  
human and that despite their tre-  
mendous 10 game bulge over sec-  
ond-place Cleveland and the New  
Yorkers aren't quite home safe  
yet.

Since the St. Louis Browns  
snapped their 18-game winning  
streak, the Yankees have played  
only 300 ball, winning five and  
losing five on the present home  
stand.

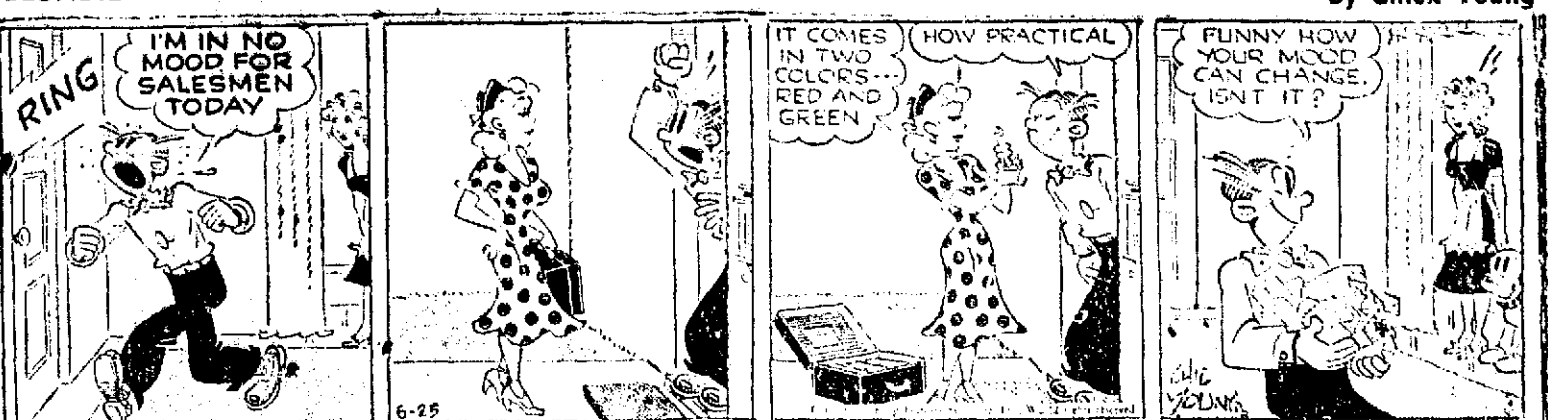

The New Yorkers might be more

worried if somebody besides their  
Indian cousins from Cleveland  
were coming to visit this week  
end. Cleveland has lost seven  
straight to New York and is the  
only team in the league that hasn't  
beaten the Yankees at least once.

The Indians came out on top in  
a 31-hit slugfest at Boston yester-  
day, whipping the Red Sox, 13-8.  
St. Louis scored five runs in the  
last two innings to edge Washing-  
ton, 7-6 and Detroit won its third  
straight, 6-3 over

## Siloam Springs Turns Back Pages

SILLOAM SPRINGS, Ark. — A horse-drawn buggy parade and a "western" folk laugh on the second day of the 73rd annual Frontier Jubilee.

There were hundreds of people here from Arkansas, Missouri and Oklahoma for the holiday festival, which has been staged every year since 1880.

Tonight and old timers contest will honor 76-year-old Mance Carl Caldwell, Idaho, who attended and won the first jubilee.

A fireworks demonstration at the local high school closes the two-day festival.

## Newport Asks Police Chief to Resign

NEWPORT, Ark. — The Newport City Council yesterday asked for the resignation of Chief of Police John Moore, who is under a 60-day suspension.

The Council said the suspension was "bad publicity" for Newport. Moore was suspended by the Civil Service Commission which accused him of "violation of rules."

The suspension grew out of a "fireworks" demonstration at the local high school closes the two-day festival.

## Korean War Is 3-Years-Old Today

By JAMES MARLOW

WASHINGTON, Ark. — Since the Korean War is three years old today, it might seem a good time to appraise what has been gained or lost by the United States and United Nations on one side and the Communists on the other.

But any appraisal now can only be temporary, even though some results may seem apparent. What seems like positive accomplishments today could be wiped out five years from now without another shot being fired.

For instance, if peace is re-

stored, South Korea through trade and other pressures and relationships with North Korea and China might be infiltrated by Communists who could take over quickly.

At the same time the future may show Korea was the turning point in the Western World's struggle against communism for it was toward the end of the three years that Russia changed tactics and talked peace.

In short, the full results of the Korean War cannot be known for years. Yet, on a temporary basis, only some things on the credit and debit sides can be pointed to.

First country and its allies in the U.N. have operated in the belief that in the struggle against communism none of them can stand alone, that they must work collectively, and that Communist expansion and aggression must be stopped.

From that view point there can be no doubt the U.N.'s getting into the war accomplished a number of things.

A. It saved the Republic of Korea from being overwhelmed by Communist forces.

B. It was a supreme test of the U.N. itself, would it be simply a helpless and ineffective debating society like the League of Nations or was it able and willing to take collective action against aggression? The answer was that it would act.

C. This in turn undoubtedly stiffened the backs of many smaller countries which, unable to match the might of Russia or Communist China, might otherwise have yielded long before now to Communist pressure or threats or direct attack.

D. Judging from what has not happened in the past three years, the Communists were discouraged from committing similar aggressions elsewhere. If they had used Korea as a testing ground to find out how much they could get away with, they found their answer.

E. Fear of what might come next to all of them after the Korean outbreak drove the Western Allies into stepped-up rearmament, giving them a military defense at the end of the three years far greater than they had before Korea.

So much for what the Allies accomplished. But there is a debit side which, except for the lives lost, does not appear on the ledger at the moment as very grave.

The costs of Korea and rearmament put an economic strain on the Allies. And they developed inner tensions. At the end of three years, seemingly lulled into a feeling of security by Russia's sweet-talk and Russia's failure to make another aggressive move, the Western Allies have slowed down their rearmament.

And some differences, such as in dealing with Russia, have begun to appear among them. Briefly, they began to display for all to see, a great weariness of war, even in such a small war as Korea where the U.S. bore almost all the burden.

As for the Chinese, while they

lost hundreds of thousands of men, frightened their Asian neighbors, duction, found the war a testing ground for weapons, and at the same time lost some ground. Western Europe, which looked like a pushover any time Russia wanted to move before Korea, is no longer a pushover, or at least as quick a pushover.

## Plenty of HUSTLE from the instant you START

(Have you tried T.T. Dynaflo?)

Smart coach for the sports-car minded—extra wheel covers, as illustrated, optional at extra cost.

THE automobile pictured here is a 1953 Buick SPECIAL with Twin-Turbine Dynaflo.\*

You discover what that means when you take its wheel—when you try it for getaway—when you head it up tall hills—when you maneuver it in traffic.

The instant you want to move, you move.

You can go from standstill to a legal 30 mph quicker than quick. Fact is, this spectacular new T.T. Dynaflo gives you getaway, plus silence, plus smoothness, in a com-

bination no other automotive transmission in the world can equal.

The instant you want emergency power, it's there—velveting forth from a brilliant Fireball 8 Engine with the highest horsepower and compression ratio ever to power a Buick SPECIAL.

The truth is, the instant you feel this big, broad, thrill-charged beauty in motion, you'll know it for a performance automobile—nimble and eager, responsive as quick-silver.

But exhilarating action is just part of the story here.

There's spacious roominess. There's a magnificent ride. There's superb handling ease. And to cap it all, this Buick delivers for little more than the "low-priced" cars.

Why not drop in on us this week? We'll be mighty proud to have you try the greatest Buick SPECIAL yet built.

\*Standard on Roadmaster, optional at extra cost on other Series.
